Exposed To: Figma, Vite, MySQL, Knex.js, Framer Motion, GSAP, Three.js, GLSL Shaders, Cannon.js, Blender.

WORK EXPERIENCE

Frontend Developer (Freelance)

ClaimTradium Corp, Toronto - Remote

Jan 2024 - Mar 2024

Next.js, React.js, Typescript, Tailwind, DaisyUI, Axios, Figma, Jira, Git, GitHub, Postman.

- Led frontend development, culminating in the successful deployment and launch of Canada's pioneering marketplace web application facilitating the exchange of mining rights.
- Developed Contact page featuring smooth integration of Axios backend API calls and localStorage to retain users' session history. Implemented auto-fill functionality within input fields, dynamically referencing property names for effortless form completion.
- Streamlined collaboration between cross functional teams by implementing agile project management practices, utilizing Jira for efficient sprint planning and Scrum principles for daily stand-ups and weekly meetings.
- Orchestrated web design initiatives to elevate UI/UX standards, leveraging Figma to craft high-fidelity mockups.

Photographer

Self-employed, Ho Chi Minh city, Vietnam

Jun 2018 - July 2021

- Played a key role in visual decision for defining startups' brand identities, resulting in increased social media traffic, attracting clients attention to brand's products.
- Demonstrated exceptional attention to detail and creativity in editing and retouching photographs using Adobe Photoshop and Lightroom, resulting in visually stunning final images that exceeded client expectations.

Photographer Assistant

Contract, Ho Chi Minh city, Vietnam

Sep 2019 - Apr 2021

- Assisted with client communication and coordination, maintaining professional relationships and providing outstanding customer service, resulting in repeat business and positive client feedback.

PROJECTS

Photography Website

- [code](#) - [demo](#)

ReactJS, Sass/BEM, HTML/CSS, JavaScript, GSAP, Framer Motion, NodeJS, Express, Axios

- Crafted dynamic UI elements with fluid animations utilizing Framer Motion and GSAP, enhancing user engagement and interaction within the web environment.
- Engineered a bespoke API leveraging Node.js and Express.js, facilitating seamless integration with the frontend and ensuring efficient communication between server and client components.

EDUCATION

BrainStation

Diploma in Software Engineering

Ontario

Mar 2023 - Aug 2023

Concordia University

Montreal, QC, Canada

Bachelor of Arts - BA, Philosophy
